

24 November 1969

**MEMORANDUM FOR THE RECORD**

**SUBJECT: Conversation with Representatives John O. Marsh  
and Burt Talcott re Breakfast Briefing on  
26 November 1969**

In a telephone conversation with Representatives Marsh and Talcott it was agreed that each would bring three or four of his colleagues, including some who were not members of the House Appropriations Committee, for the 26 November breakfast briefing. We tentatively set the time for 8:00 a. m. and they said they would be prepared to remain for at least two hours, of course they did not want to keep our key people tied up for this long. They said following the breakfast they would welcome a brief rundown on the Agency organization and mission, and informal briefings covering matters of current interest including the Green Beret case, the Middle East, etc. They also said they would like "to walk around the building" a bit and Marsh spoke particularly of a visit to the Ops Center and the Domestic Communications Activity center which he had seen previously.
